GDPR & Visualfiles Workshop

Introduction

The GDPR & Visualfiles Workshop will;

- Provide an overview of the key elements of GDPR in relation to a Visualfiles implementation.
- Help you to understand where you can find out more about GDPR.
- Provide insight into how GDPR might impact a Visualfiles implementation.
- Help you to understand how Visualfiles could be tuned to reduce GDPR related risks.
- Help you to identify “What GDPR means for you in relation to Visualfiles” and “What could we do with Visualfiles to be ready for GDPR?”
- Provide example Visualfiles code that could assist in GDPR preparation.
- Encourage discussion in relation to GDPR and Visualfiles.
- Give your Visualfiles developers access to a skilled Visualfiles consultant for the day.
- Consider functionality that is already available within Visualfiles that could be relevant to your GDPR plans.

The GDPR & Visualfiles Workshop will not;

- Provide education services relating to the GDPR process.
- Remove the risks associated with GDPR in the context of your Visualfiles implementation.
- Guarantee any GDPR compliance.

Who Will Benefit:

- Visualfiles Administrators
- Visualfiles Developers
- Senior Executives with responsibility for Compliance
